1 Purpose & Scope

This CMMC 2.0 Gap Assessment Checklist is designed to help organizations evaluate their current cybersecurity posture against the 110 practices required under CMMC Level 2 (aligned with NIST SP 800-171 Rev 2). It supports readiness for third-party assessment (C3PAO) and is applicable to all DoD contractors handling Controlled Unclassified Information (CUI).

📋 **HOW TO USE:** *For each practice: (1) assess current status — COMPLIANT, PARTIAL, NON-COMPLIANT, or NOT ASSESSED; (2) describe any gap; (3) assign a remediation owner and target date. This document is a LIVING record — update continuously until assessment-ready.*
