1 Purpose & Regulatory Background

The Combating Trafficking in Persons (CTIP) program is a federal requirement under FAR 52.222-50 and Executive Order 13627 (Strengthening Protections Against Trafficking in Persons in Federal Contracts). All federal contractors and subcontractors — regardless of contract value — are prohibited from engaging in trafficking-related activities. Contracts >$500K (excluding commercially available off-the-shelf items) require a formal Compliance Plan.

This checklist prepares organizations for CTIP compliance audits and is aligned with the 2026 enforcement guidance from the Department of Defense and civilian agency contracting offices. All items must be addressed and documented prior to audit.

📋 **HOW TO USE:** *Complete each section before your contract performance period begins and update annually. Check each box when the item is addressed, assign an evidence reference, and note the responsible owner. Attach supporting documentation to your compliance file.*
